To encourage healthy eating habits, SHRM invited speakers from National Kidney Foundation Singapore to conduct a health talk at our school on 8 November 2019. Speakers educated the students on the importance of our kidneys, what happens when the kidneys fail and the treatments available for them.

Through the talk, students learned why they need to care for their kidneys, and hopefully adopted a healthy lifestyle.

A Field Trip to Serangoon Gardens Country Club

The students from ADHM intake 49 and 50 were taken on a field trip to Serangoon Gardens Country Club on 28 November 2019.

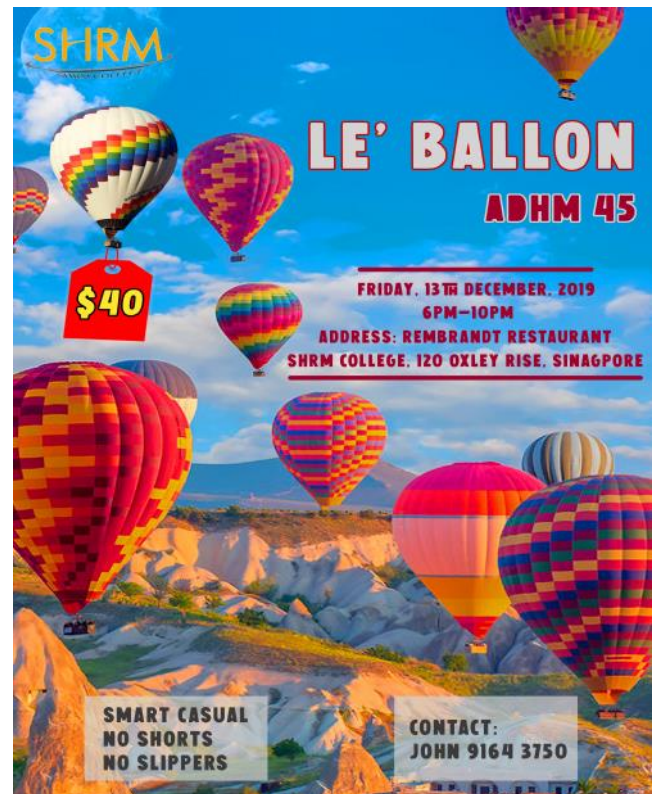

Serangoon Gardens Country was established in 1955 and is a family-friendly club with an Olympic-size swimming pool, water play area, bowling alley and other sports and dining facilities. The students were taken on a tour around the Club and visited the Crossroads Lounge, Club Twenty-Two, the Atrium Café, Garden Grill and the banquet room.

It was an eye-opener for the students to see what facilities a country club in Singapore has to offer.

Upcoming Event: Student's Final Project - Le' Ballon

A Final Project will be hosted by our students from Advanced Diploma in Hospitality Management Intake 45 on 13 December 2019. As part of their course, graduating students from the Advanced Diploma in Hospitality Management programme are required to execute a Final Project in the form of an event, which allows them to showcase their skills and knowledge obtained from the two years at SHRM College.

Our Graduates. Our Pride

We are proud to announce that the following SHRM graduates have successfully obtained their internships in Singapore. SHRM always tries its best to place the graduates in well-established hotels and restaurants. This boosts the experience a student gains from working in a hospitality environment. Once again, a big congratulations to our beloved graduates for reaching their first milestone. You are always SHRM's pride!
